Host

Rho, FieraMilano
23-27 October 2015

"Host is one of the international stops, after Designjunction, in London, and shortly before Downtown Design, in Dubai, through which we have been promoting our collection and consolidating the Serralunga brand worldwide.

Renewed energy after the significant Salone del Mobile in Milan, with which we are determined to be present in strategic areas for our market, in constant dialogue with our target public; I'm thinking about designers in particular".

Marco Serralunga

The quality and style of products made in Italy; cooperation with renowned international designers; use of high-performance materials in terms of resistance to sunrays as well; a full service that can translate our long experience in the field of integration of landscape design and outdoor furnishing; our accurate after-sales assistance; communication: these are the irrevocable values, the harmonious ingredients with which Serralunga has always built its reputation and its success.

Serralunga's research, after exploring the world of plant pots for outdoor use, has been shifting to the outdoor sector in general, strongly tailor-made-oriented, with innovative projects that are always strongly marked by a cooperation with international designers.

With furnishing first, and with light after, Serralunga offers a complete concept of outdoor living, for the house and for its shared spaces, where the cornerstones are always balance, the beauty of shapes, and the technological innovation of material processing: polyethylene, with a rotational moulding and technique evolution pioneered by the company.

Thanks to its very wide range of products families, for indoor and outdoor use, and to the know-how it has developed in decades of activity, Serralunga can achieve a very high level of customisation of projects, to fulfil very different needs.

The sculptured collections of pots, furnishing items and light fixtures, always design-oriented, can be found in the world's most beautiful households: prestigious residences, luxury hotels, disco clubs, terraces, gardens, swimming pools, spas, as well as public places such as squares and parks.
