

.CORE: In the home

LEAH SINCLAIR / 16-03-2015 / .ART & DESIGN

They say home is where the heart is, but its also where taste and style reside. In the homes of many, reflect the pieces which represent them, and the core essentials they require to make their home *theirs*.

From beds and cabinets, to vases and bookshelves, the core pieces which are needed in the home can vary in shape, size, design and stature, but they all remain a common thread in the home.

Below, we've listed five of our favourite innovative core pieces which would make great staples in the home.
